Summary

I am a Full-Stack Web Developer who recently earned a certificate from University of California, Berkeley. I have formed skills in Ruby on Rails, JavaScript, React.js, HTML, and CSS. I am passionate about developing web apps which is why I am looking to transition my career path into web development. With each project I am involved with I hope to show my passion and personality by making it a very user friendly experience. I feel I can work well on a team or if need be I can work alone to accomplish goals and meet deadlines. I also am very eager to further my learning and enhancing my skill set with all future projects. My focus is to become the best Full-Stack Web Developer I can be.

Technical Skills:

Languages: HTML, CSS, Ruby, and Javascript
Frameworks: Rails and React
Applications: MS Word, Power Point/Keynote, Pro Presenter, Working knowledge of MS Excel, MS Access
